Mrs. Sunita Choudhary

I Mrs. Sunita Choudhary feel honored to give an insight that very few have fully realized the wealth of sympathy, kindness and generosity hidden in the soul of a child. The effect of every educator should be to unlock that treasure and GCC is an excellent example where everyone strives indefatigably for this. This institution has been nurturing young minds of the town with the belief that "The heart of education is the education of the heart."

Mrs. Megha Dixit

Hello. Everyone, my name is Megha Dixit. I am working in GCC International School; my experience in teaching this school is wonderful. I have seen growing myself in many areas. This school has provided me many opportunities to fill my gaps and not just to become a good teacher but a great learner also. It's a very good place to work and I wish to do the necessary changes required for the betterment of the school. Thank you.

Mr. Radheshyam Singh

I take this opportunity to introduce myself, Mr. Radheshyam Singh, have been working in the field of education since last 20 years and given my services in various reputed school and institutions. Though all were good, some in academics and some in co-curricular activities. GCC is a sole school which has a balanced curriculum be it academics, sports or co-curricular activities. I am extremely happy and proud to be part of this institution.

Mrs. Rajni Kaushal

मैं रजनी कौशल जी सी सी इंटरनेशनल स्कूल में पिछले दो वर्षों से हिंदी अध्यापिका के पद पर कार्यरत हूँ। यह मेरा सौभाग्य है कि मुझे इस संगठन के साथ कार्य करने का अवसर प्राप्त हुआ है। मुझे यह बताते हुए खुशी हो रही है कि हमारे विद्यालय के दो वर्ष पूर्ण हो चुके हैं। मैं यह आशा करती हूँ कि यह विद्यालय शिक्षा के क्षेत्र में ऐसे ही प्रगति करता रहे और उच्चतम शिखर को प्राप्त करे।

Mr. Praveen Gupta

It has been a great opportunity to work with this institution in various ways. GIS is an appropriate platform to enhance my skill through learning. Students are the great encouragement to increase my passion on sports, athletics etc. I am thankful to the management of GIS for implementing such kind of exceptional activities like swimming, squash, badminton, chess, skating, table tennis, yoga etc which will lead our little ones towards a holistic development.

Mrs. Annu Malhorata

If you want light to come into your life, you need to stand where it is shining'. With all these years of experience associated with various institutes, an opportunity to work with GCC International School looked just like another job. However, in spite of being another educational institute, the ideology behind the organisation makes GCC International School an exceptionally distinct and stimulating work place. While all other schools keep focussing on the hassle of completing the curriculum, we could in our own innovative ways, find plenty of time to instill competitive yet positive attitude in our students. We begin each day with a promise to shape our children's future and our mission to foster the leaders, champions and teachers of tomorrow, to contribute towards the continual growth of this great nation.

Mrs. Neetha V.P

On the very first day in my school, I had the opportunity to attend a very informative workshop for the teachers. It was very useful, inspiring and gave a very positive sense about the organisation itself. And the following days, the positive vibes within the organisation, let it be among my co-teachers or admin staff. I whole heartedly appreciate the culture following here and expect to have a long and continued relationship with this wonderful organisation.

My school is fully filled with knowledge and enthusiasm. I love my school, as it is having many facilities, nice teachers and good sports. My teachers are also good "as they are our second mother."

Miss Falak Zaveri

The school has helped me boost my confidence through the various activities conducted by the school like CCA, GMC etc. We are able to explore our creativity through pottery, photography, fine arts and mindbox sessions. The school adopts a unique method of teaching. ie. Learning By Doing. The school thrives to develop a holistic personality within the students to prepare them for future.

Special thanks to the teachers who contributed and gave us the wonderful memories for AY 2017-18. We will miss their absence.
